Wednesday, December 27, 2023 5:00 AM to Thursday, January 1, 1970 12:00 AM

Partner and chair of Cahill's Cryptocurrency & FinTech practice Sam Enzer appeared on a recent Yahoo Finance Live episode where he discussed the hurdles firms are facing to get spot bitcoin ETF approvals from the SEC.

Sam says the "bitcoin spot market is mature at this point" and that the market has "the depth and the liquidity to ward off things like manipulation," which strengthens the case for approval. He also notes that the bigger institutions getting into the space have the reputation and can offer the investor protections the SEC likes to see.
